

## **Playdough Mats Printable**

Engage, create, and learn with our curated collection of Playdough Mat Printables! We love Playdough as it allows your child to explore a tactile sensation and also provides opportunity to address fine motor development. Our downloadable mats provide structured challenges to promote fine motor skills, hand strength, and bilateral coordination. Our Playdough Mat Printables also encourage cognitive development, creativity, imagination, and problem-solving.

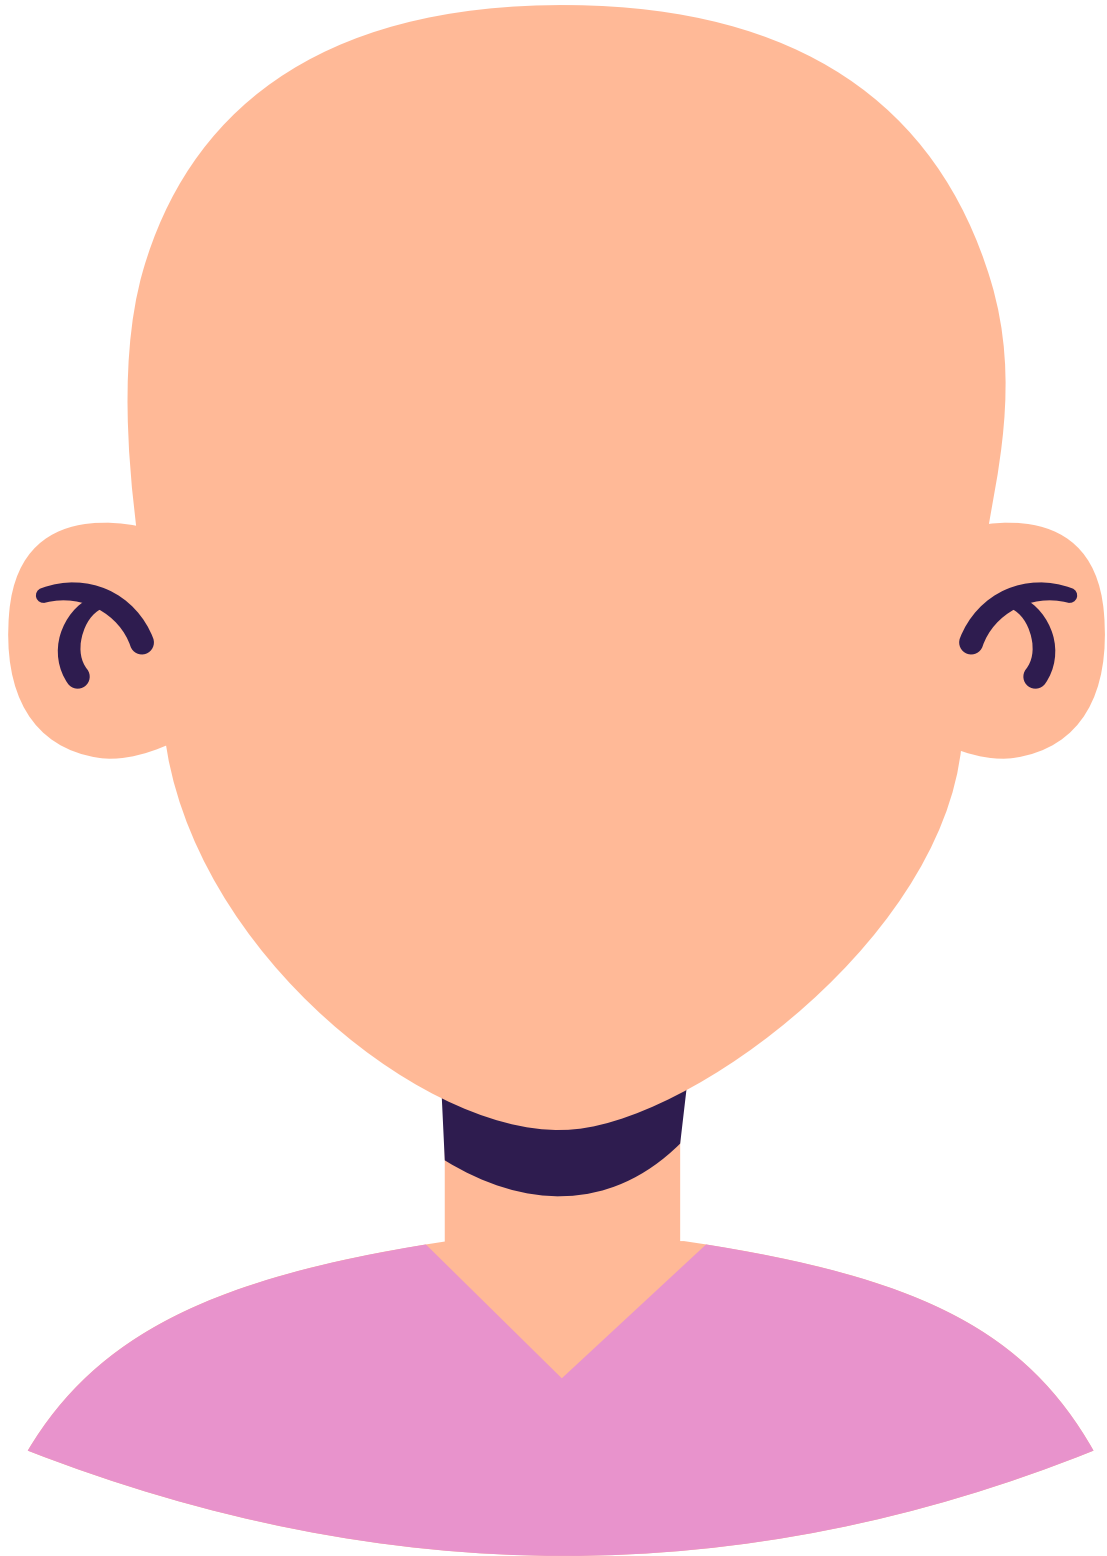

*Disclaimer: This packet of Playdough mats has been created for informational and educational purposes only. Completion of the activities are not a substitute for medical or therapeutic interventions, unless specified by a therapist in individualized intervention. The author, the website and it's affiliates are not responsible for for misuse, or impairments of any kind as a result of utilizing this product and accompanying worksheets and tools.*

**Add fun colored hair to the  
cartoon below!**

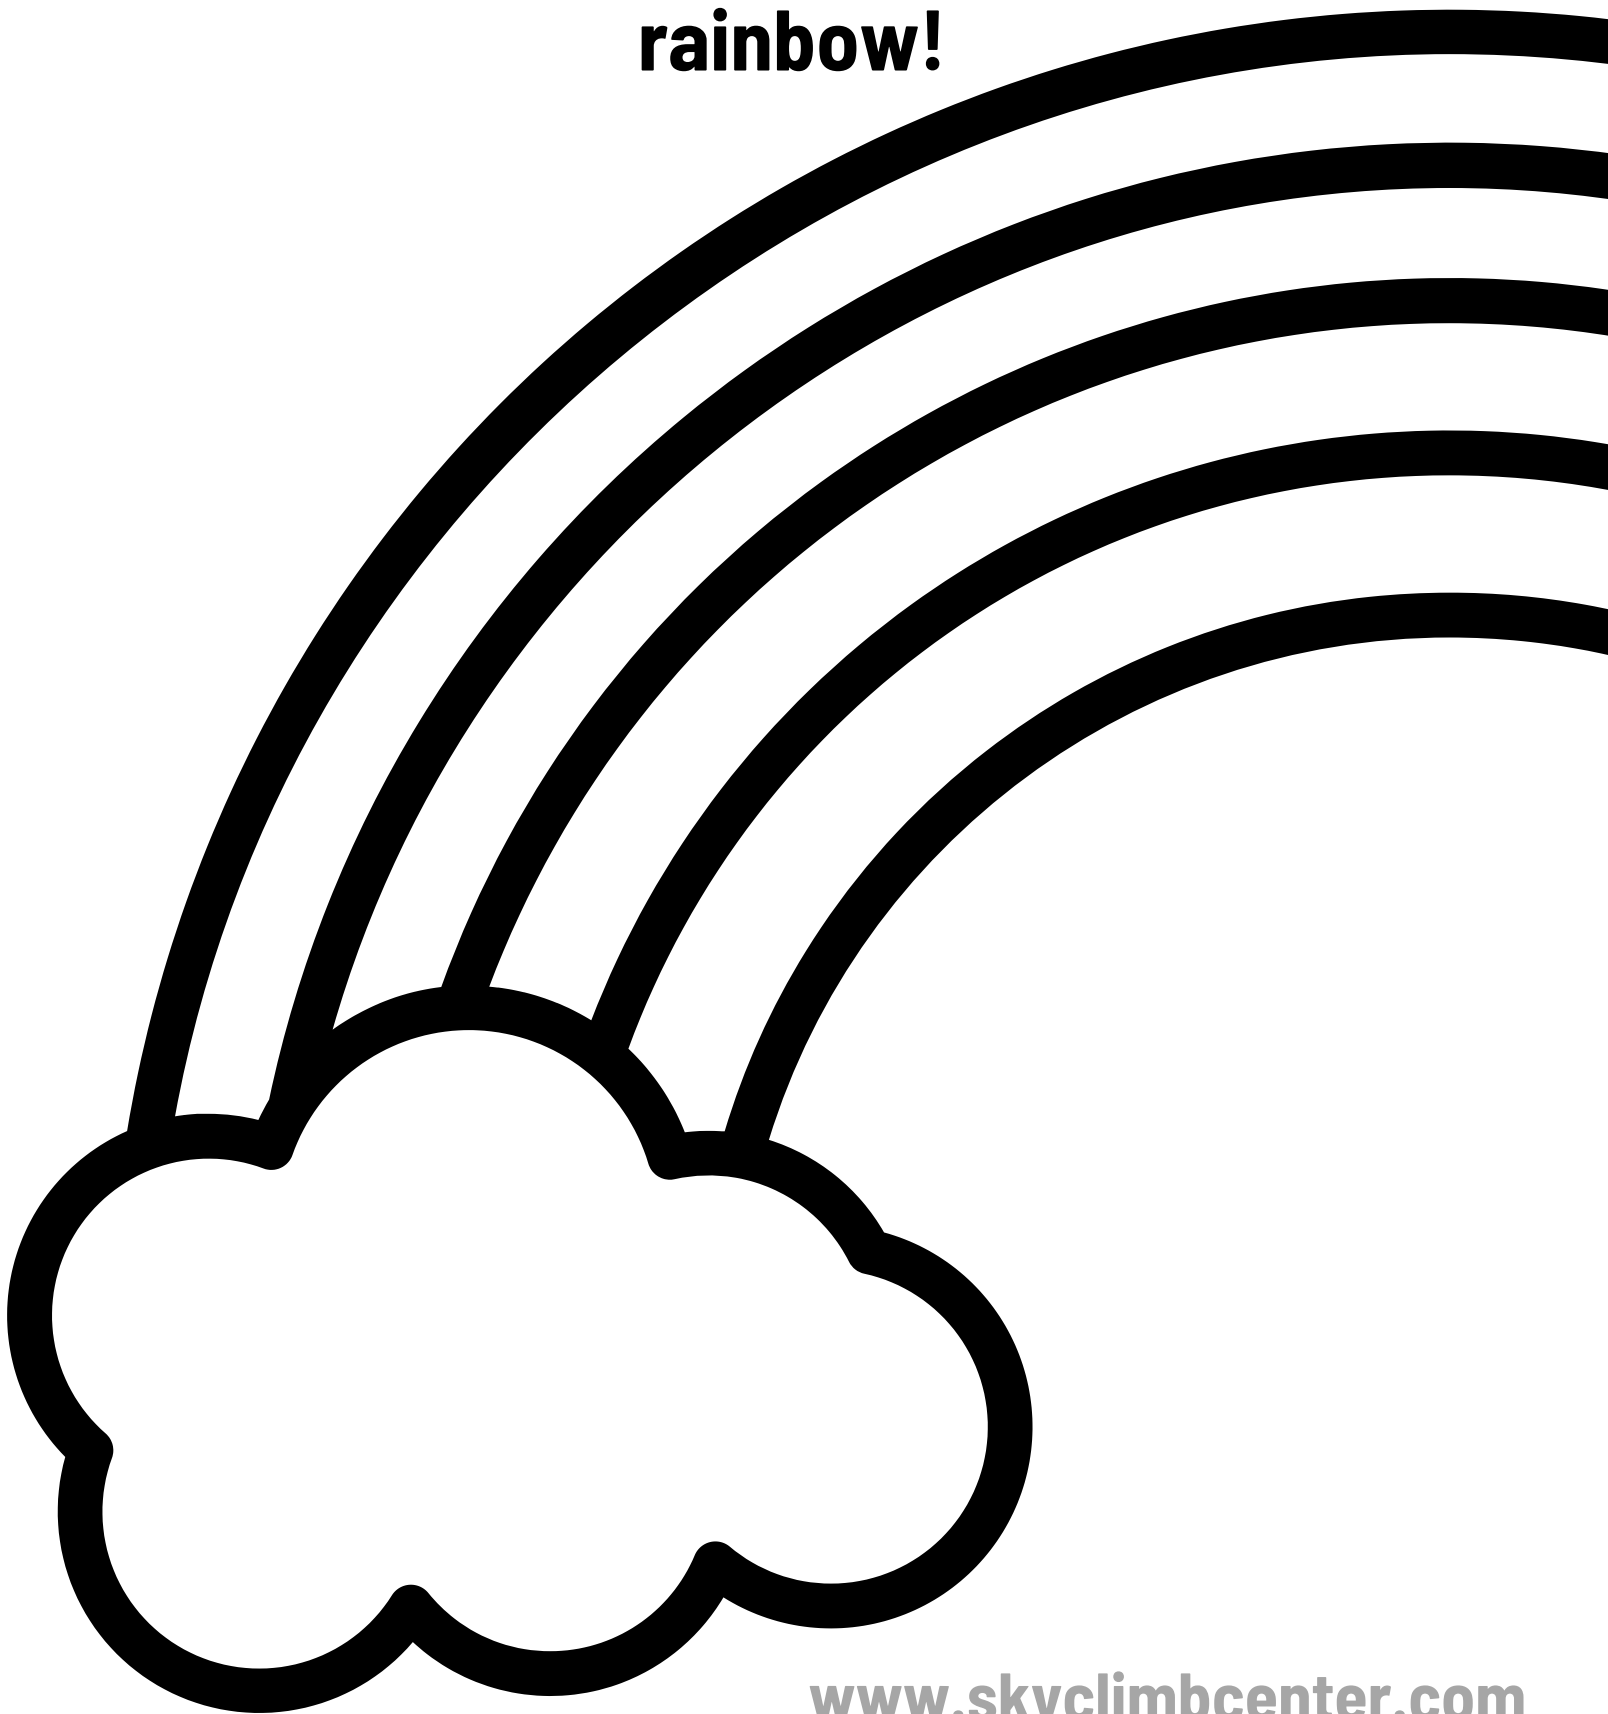

**Add the cartoon's face and hair!**

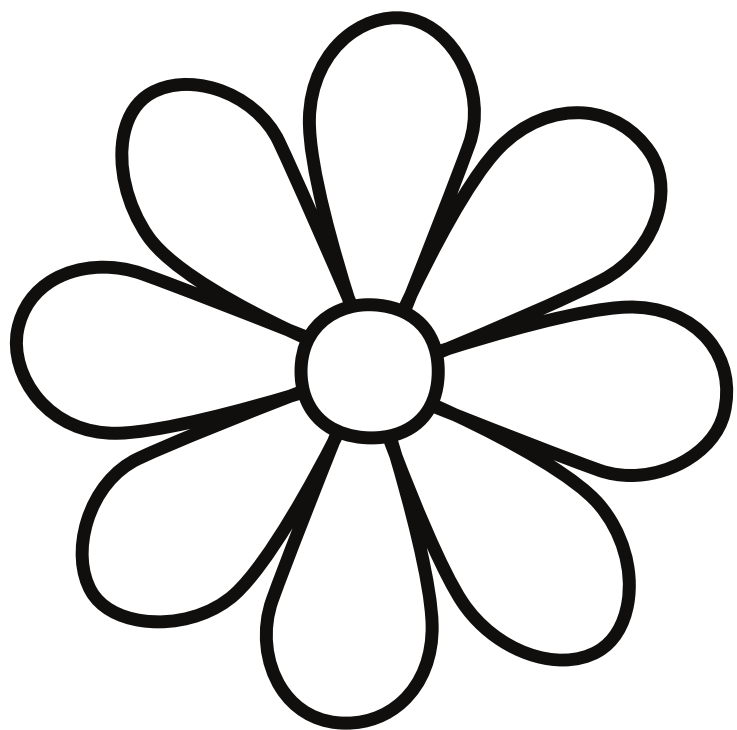

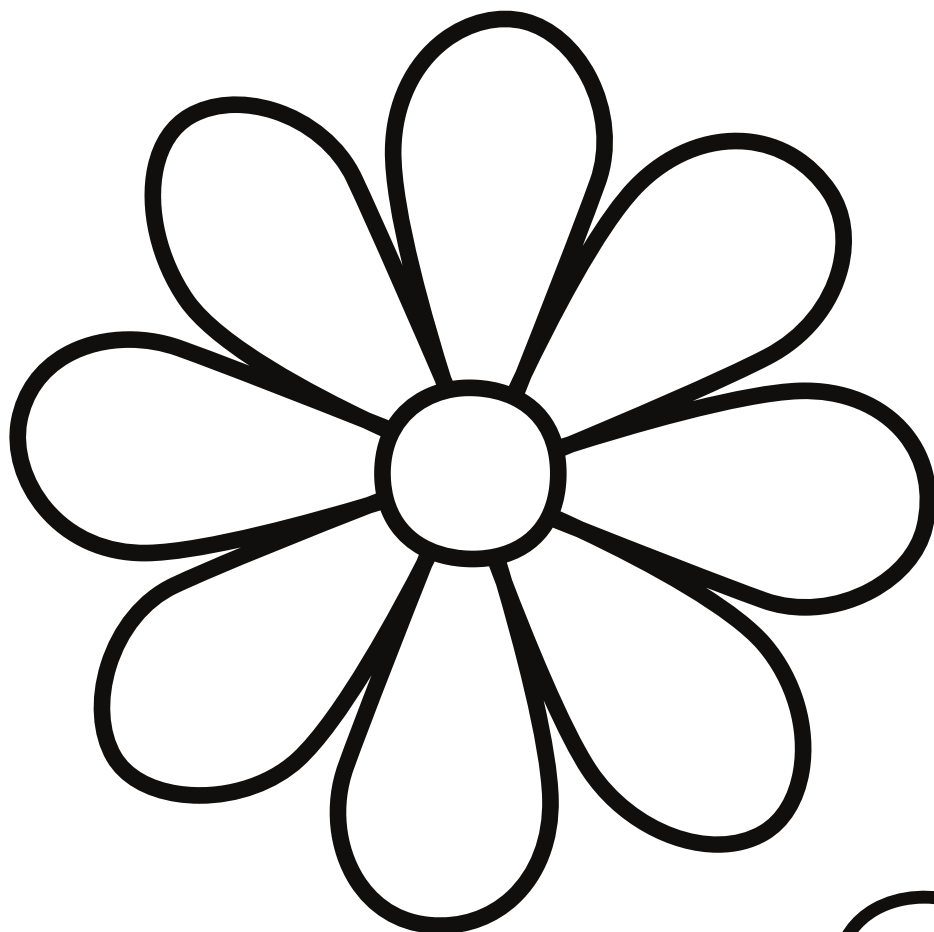

**Roll different 'ice cream' flavors into balls  
and smoosh them to fit on the cones!**

**Roll out different colors to make the  
rainbow!**

**Make pretty flowers and fill in the petals!**

# **Learn The Numbers With Playdough!**

**In this next section, roll out lengths of  
Playdough and use them to 'trace' the  
numbers. Follow the numbers and arrows  
for accurate top-down formation of these  
numbers!**
